

## EOPS - Adolfo Corral Award

Jonathan Barrera

Submitted by Maritza Melquiadez

This year, we are honored to make a special exception in presenting the Adolfo Corral Award to Jonathan Barrera. While this award is traditionally given within a specific category, Jonathan's exceptional character, dedication, and service to the EOPS community make him more than deserving of this recognition.

Jonathan is an outstanding student, deeply committed to his academic success. But beyond that, he is someone we can always rely on—steadfast, present, and willing to help in any way he can. He is not afraid to jump in when something needs to be done, whether he's asked or not. His initiative, humility, and consistent support make him a quiet leader and a trusted presence among both staff and his peers.

His spirit of service, reliability, and care for the EOPS community embodies the legacy of Adolfo Corral. We are proud to recognize Jonathan Barrera with this award as a reflection of the tremendous impact he continues to make.
